17. ESSENTIAL/MARGINAL FUNCTIONS

Relative % of time required
(in descending order)

- 45% **Monitor, Analyze, Take Action (E)**
Acts as lead to monitor, analyze and take action on alerts, notifications and findings from hunting campaigns to protect and secure DMV's information assets, systems and infrastructure, on premise and at our data center, from internal and external threats as alerts and notifications are received or as events are discovered. Acts as lead to monitor, analyze and take action on mainframe systems for processing, maintenance, support and fraud correlation as the needs arise. Acts as lead to monitor, analyze and take action on firewall logs to protect and secure information assets, systems and infrastructure at DMV and off premise, from internal and external threats on a daily basis. Provides mentorship to staff in the unit related to this function.
- 20% **Incident Response (E)**
Acts as lead to initiate incident response to identify, contain and remediate events using all available tools and resources as the needs arise. Acts as lead to examine equipment such as hard and external drives to determine threat or malicious activity or establish forensics as events are requested or discovered. Provides mentorship to staff in the unit related to this function.
- 10% **Recommendations (E)**
Act as lead to recommend hardening strategies and security best practices to protect and secure DMV's information assets, systems and infrastructure, on premise and at our data center, based on industry standards and compliance regulations as the needs arise. Provide mentorship to staff in the unit related to this function.

DEPARTMENT OF MOTOR VEHICLES POSITION DUTY STATEMENT

- 10% **Reporting and Documentation (E)**
Acts as lead to disseminate threat intelligence for information-sharing with internal and external support areas or entities using all available tools and resources as alerts and notifications are received or as events are discovered. Act as lead to create security-related reports to provide metrics for the Security Operations Center (SOC) on a regular basis. Acts as lead to document all actions taken, configurations reviewed, software versions, rule sets, policies, procedures and other relevant information in a secured library to provide a SOC archive on a daily basis. Provide mentorship to staff in the unit related to this function.
- 10% **Installation, Programming and Support (E)**
Configures and manages security software and hardware to protect and secure DMV's information assets, systems and infrastructure, as the needs arise. Develops scripts, programs or applications that will identify vulnerabilities and help with investigations, as the needs arise. Responds to alerts and notifications like verbal discussions, telephone calls or e-mails to provide off-hour Help/Service Desk support as alerts and notifications are received or events are discovered.
- 5% **Miscellaneous (M)**
Performs other job-related duties as required.

DEPARTMENT OF MOTOR VEHICLES POSITION DUTY STATEMENT

702-1414-012

18. SUPERVISION RECEIVED

The Information Technology Specialist II works under general direction of the Information Technology Manager I.

19. SUPERVISION EXERCISED AND STAFF NUMBERS

None.

20. WORKING CONDITIONS AND PHYSICAL REQUIREMENTS

Works in an office setting, in cubicles with raised and lowered walls. May be sitting and using a computer for long periods. This is a 24X7X365 operation. May be required to work any shift (day, swing, or grave), and extended hours, based on business needs and operational support. Will be required to carry and monitor a mobile device.

21. SPECIAL REQUIREMENTS AND DESIRABLE QUALIFICATIONS

Comply with security policies and procedures established by the data owners and the Information Security Officer. Implement the technical means to preserve the integrity and security of the department's information assets and manage the risks associated with those assets. Advise the data owners and the Information Security Officer of control vulnerabilities and recommendations for alternatives that enhance data security and integrity for existing and developing systems.

Advance-level knowledge of and experience with the following: security information and event management (SIEM) solutions, cybersecurity, URL filtering and content management, end point protection, network security, machine learning, user behavior, artificial intelligence, malware analysis, forensic analysis, intrusion prevention systems, threat intelligence feeds, IT service management tools, information security industry standards and best practices, and compliance regulations.

22. PERSONAL CONTACTS

Will interact with staff from the DMV, other state or government agencies, external entities and contractors by phone, Email, written correspondence, presentation or in-person, as needed. Interactions may be general, informative, technical, confidential, sensitive or private.
