INCUMBEN	Γ (If known)	CURRENT POSITION NUMBER (Agency - Unit - Class - Serial) 680-323-4616-032			
TEAM MEN YOUR CRE		O PROVIDE THE HIGHEST LEVEL OF SERVICE POSSIBLE. UR EFFORTS TO TREAT OTHERS FAIRLY, HONESTLY AND			
Under the responsibi	es (ALJ), Commissioners, and Advisors. The incumbe stakeholder engagement, and internal processes.				
performing duties	same percentage with the highest percentage first. (Use additional sheet if necessary)				
	ESSENTIAL FUNCTIONS:				
45%	 Exercises independent judgment, conducts economic, policy and/or technical analyses for related area(s) of assignment. Performs original research, analysis, and makes recommendations on findings and determining the broad policy or analytical framework for the future programs, procedures, and processes. This may involve providing support to multidisciplinary teams, acting as a leader on a project requiring substantial expertise. Advises and consults with ALJ regarding rulings and proposed decisions, provides technical support for ALJs in formal proceedings before the Commission, prepares briefings, performs policy research, and prepares alternate decision drafts for Commissioners and their advisors. Represents the Energy Division at working groups with utilities and other stakeholders, oversees Program Administrators, and uses sound judgement to ensure program rules are efficiently and effectively implemented. Works with other stakeholders and government agencies as needed. 				
30%	 Facilitates workshops and/or stakeholder meetings, reviews and disposes of advice letter filings, writes and issues Requests for Proposals for Consultant services, manages the selection process and acts as contract manager. As the expert, advises Commissioners, their advisors, management and other decision-makers regarding issues in the assigned areas. 				
20%	 Review and prepare comments on pending legislation, and respond to inquiries from the public and legislative staff. Coordinates CPUC activities with other state agencies to help achieve statewide clean energy goals. 				

5%	 MARGINAL FUNCTIONS: Other related job duties as required. Coordinates with analysts in other sections or branches on related issues. To the extent relevant to incumbent's work, assist the Commission with its implementation of the followin cross-cutting efforts: Policy and program oversight work to ensure energy system is safe; Environmenta and Social Justice Action Plan such that CPUC programs and decisions advance equity throughout the state; and Integrated Resource Planning to achieve the state's greenhouse gas goals at the least cost to ratepayers. Safety: Work related to safety, including both policy and program oversight work to ensure the energy system is safe, and tasks related to the safety of the employee's work site. 				
	KNOWLEDGE AND ABILITIES [From Class Specs]				
	Knowledge of: Trends and issues pertaining to public utilities and transportation regulations; principles of program evaluation and planning; principles and concepts of economics, econometrics and finance in a research setting; public utilities and transportation regulatory policy analysis and formulation; Federal and State agencies involved in utilities and transportation regulation; Federal and State legislation and policies pertaining to public utilities and transportation.				
	• Ability to: Reason logically and creatively; utilize a variety of analytical and research techniques to resolve complex utility and transportation regulatory problems; develop and evaluate alternatives; analyze data and present ideas and information effectively, both orally and in writing; testify as a subject-matter expert; consult with and advise Commissioners, top management and other interested parties on a wide range of issues relating to public utilities and transportation regulations; gain and maintain the confidence and cooperation of those contacted during the course of work; coordinate the complex technical work of others; serve as a team leader to analyze the more technical and difficult situations; establish and maintain project priorities; analyze situations accurately and take effective action.
