

**POSITION DUTY STATEMENT**

PM-0924 (REV 01/2022)

CLASSIFICATION TITLE CT Heavy Equip Mechanic	OFFICE/BRANCH/SECTION Division of Equipment//Shop 10/932-030	
WORKING TITLE Heavy Equipment Technician	POSITION NUMBER 932-030-3713-925	REVISION DATE 6/15/23

As a valued member of the Caltrans leadership team, you make it possible for the Department to provide a safe and reliable transportation network that serves all people and respects the environment.

**GENERAL STATEMENT:**

While working for the Caltrans Division of Equipment the incumbent will work under the direction of a Highway Mechanic Supervisor and/or direction of a Caltrans Heavy Equipment Mechanic Leadworker. The incumbent will be working in a shop and/or field environment, constructing, inspecting, diagnosing, repairing and servicing various equipment used in the Department's fleet. Completes various records and reports, uses computer equipment for various tasks. May assist in instructing or giving direction to helpers, apprentices or other employees.

Incumbent must possess a valid class C driver license and will assume responsibility for reasonable safeguards, proper use and handling of materials and tools, equipment and facilities at all times using personal protective equipment (PPE). It may be necessary to work outside and or travel to assist at a field mechanic's location, or a highway maintenance station. The incumbent must be able to work in these areas in inclement weather, which may include severe cold or heat. At times it may be necessary to assist with the daily operation of the shop. Job assignments may be subject to travel, rotation, changes of shift, work hours and workdays.

**CORE COMPETENCIES:**

As a CT Heavy Equip Mechanic, the incumbent is expected to become proficient in the following competencies as described below in order to successfully perform the essential functions of the job, while adhering to and promoting the Department's Mission, Vision, Values, Strategic Imperatives and Goals. Effective development of the identified Core Competencies fosters the advancement of the following Leadership Competencies: Change Commitment, Risk Appetite, Self-Development/Growth, Conflict Management, Relationship Building, Organizational Awareness, Communication, Strategic Perspective, and Results Driven.

- **Flexibility and Managing Uncertainty** : Adjusts thinking and behavior in order to adapt to changes in the job and work environment. (Safety First, Strengthen Stewardship and Drive Efficiency - Engagement)
- **Dealing with Ambiguity (Risk)**: Can comfortably handle risk and uncertainty, as well as make decisions to act without having the total picture. (Safety First, Strengthen Stewardship and Drive Efficiency - Engagement)
- **Initiative**: Ability to identify what needs to be done and doing it before being asked or required by the situation. Seeks out others involved in a situation to learn their perspectives. (Safety First - Engagement, Integrity)
- **Problem-solving and Decision-making** : Identifies problems and uses logical analysis to find information, understand causes, and evaluate and select or recommend best possible courses of action. (Cultivate Excellence - Engagement, Integrity)
- **Teamwork/Partnership**: Develops, maintains, and strengthens partnerships with others inside or outside of the organization through effective communication and collaboration. (Safety First, Cultivate Excellence - Engagement, Integrity)
- **Customer Focus**: Considers, prioritizes, and takes action on the needs of both internal and external customers. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Integrity)
- **Communication**: Expresses oneself clearly in all forms of communication. Gives feedback and is receptive to feedback received. Knows that listening is essential. Keeps others in the Division and other functional units informed as appropriate. (Cultivate Excellence - Engagement, Integrity)
- **Forward Thinking**: Anticipates the implications and consequences of situations and takes appropriate actions to be prepared for possible contingencies. Anticipates and prepares for future developments. (Safety First, Strengthen Stewardship and Drive Efficiency - Engagement, Integrity)
- **Technical Expertise**: Depth of knowledge and skill in a technical area. (Safety First, Strengthen Stewardship and Drive Efficiency - Engagement, Integrity)

Road tests vehicles to ensure repairs are satisfactory and meet safety standards. Performs related work as assigned.</p>
05%	E	<p>Fabricates, modifies, assembles, and installs special equipment using mills, lathes, welders, metal brakes, torch sets, plasma cutter and metal cutting saws. This work is interpreted from blueprints and/or verbal direction from Department requests or needs and is completed on new or replacement parts such as utility bodies, dump bodies, cone bodies, hydraulic systems, rock/ snowplows, wing plows, power take off (PTO), wear plates, attenuators, lights and light racks, decals, spray equipment, cone racks, tool boxes and baskets, mower flails, loader buckets.</p>

## POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

---

05% E To ensure safety standards, keeps tools and work area clean. May pressure wash equipment. Prepares selected equipment for sale by removing Department identifications such as Department decals, identification numbers, State of California documentation (registration, insurance). Responsible for the proper disposal of hazardous waste such as used oil, used antifreeze, and used batteries.

05% M May be assigned to other State of California repair department locations such as CalFire or other Department Districts to perform preventative maintenance and repairs on various equipment throughout the state. These specific duties are listed above.

<sup>1</sup>ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.

MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

---

### SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

Does not supervise. May be asked to be a mentor mechanic to an apprentice.

---

### KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Knowledge of: Methods, materials, tools and equipment used in construction, assembly, overhaul, repair and adjustment of gas- and diesel-powered trucks, heavy construction and maintenance equipment; operating characteristics of heavy construction and maintenance equipment and gas- and diesel-powered trucks; and basic occupational safety and health work practices to protect their own safety and health and the safety and health of others.

Skill in: Mechanical repair, adjustment, and fabrication of special equipment.

Ability to: Communicate effectively as required for successful job performance; fabricate, diagnose, repair and make adjustments to various equipment and systems (e.g., heavy construction and maintenance equipment, gas- and diesel-powered trucks and electronic systems); install and test pumps, motors and similar equipment; perform welding; estimate repair costs; work from drawings and sketches and make sketches of broken parts for replacement; make repairs in the field without supervision.

---

### RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Inaccurate estimation of repairs or poor judgment in making repairs or assembly of equipment could result in damage, costly rework, or loss of equipment, and could create a safety hazard causing injury to state employees or the general public.

Incumbent is responsible for their actions, decisions, quality of completed work, and proper use of state time, equipment and materials. Improper performance of duties and/or failure to adhere to established policies, procedures and guidelines could lead to adverse action and possible termination.

This position has been designated as safety sensitive in accordance with Department of Personnel Administration Rules 599.960 and 599.961. Use of alcohol and/or drugs that impede the employee's ability to perform their duties safely and effectively could clearly endanger the health and safety of others, resulting in injury and or death.

---

### PUBLIC AND INTERNAL CONTACTS

Extensive contact with other Division of Equipment shop personnel and field mechanics, Department district employees and various vendors.

---

### PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

Ability to: stand and walk on concrete flooring all day, frequently stooping, bending, kneeling, crouching, pushing, pulling, reaching, twisting, being able to lift, carry, and climb; lift and move 20 lbs. repeatedly, 20-50 lbs. frequently to occasionally and over 50 lbs. Rarely. Also lift up to 40 lbs. overhead occasionally; climb stairs carrying objects weighing up to 50 pounds occasionally; operate forklifts and hand operated material-handling devices.

Possession of a class "C" drivers license and be able to travel to distant locations in inclement weather.

Will be required to wear safety equipment including eye protection (safety glasses), ear protection, safety vest, and hard hat or bump cap etc. Must be able to wear protective clothing as required and furnished by the DOE.
