

POSITION DUTY STATEMENT

PM-0924 (REV 04/2021)

CLASSIFICATION TITLE Transportation Surveyor	OFFICE/BRANCH/SECTION 4-Office of Land Surveys/RWE-South	
WORKING TITLE District 4 Surveyor	POSITION NUMBER 904-403-3029-xxx	EFFECTIVE DATE 05/31/2024

As a valued member of the Caltrans leadership team, you make it possible for the Department to provide a safe and reliable transportation network that serves all people and respects the environment.

GENERAL STATEMENT:

This is the entry, first working, and journey level of professional surveying work at Caltrans. Transportation Surveyors must have knowledge, experience and familiarity with a wide variety of professional field and office land surveying equipment, tools and procedures with which they will perform a wide variety of professional land surveying work in either an office and/or field setting. A Transportation Surveyor will work either (1) under the direction of a licensed land surveyor (Range A through C) or (2) at the licensed professional level in a responsible charge capacity (including signing and sealing documents) (Range D). Transportation Surveyors work under the supervision of a Senior Transportation Surveyor or Transportation Surveyor Party Chief but may also take direction from a lead worker. Travel may be required. Possession of a valid driver's license is required.

CORE COMPETENCIES:

As a Transportation Surveyor, the incumbent is expected to become proficient in the following competencies as described below in order to successfully perform the essential functions of the job, while adhering to and promoting the Department's Mission, Vision, Values, Strategic Imperatives and Goals. Effective development of the identified Core Competencies fosters the advancement of the following Leadership Competencies: Change Commitment, Risk Appetite, Self-Development/Growth, Conflict Management, Relationship Building, Organizational Awareness, Communication, Strategic Perspective, and Results Driven.

- **Flexibility and Managing Uncertainty** : Adjusts thinking and behavior in order to adapt to changes in the job and work environment. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Innovation, Integrity, Pride)
- **Decision Making**: Makes critical and timely decisions. Takes charge. Supports appropriate risk. Makes challenging and appropriate decisions. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Innovation)
- **Continuous Professional Development**: Seeks to obtain knowledge and improve performance while supporting others in doing the same. (Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Innovation, Integrity, Pride)
- **Problem-solving and Decision-making** : Identifies problems and uses logical analysis to find information, understand causes, and evaluate and select or recommend best possible courses of action. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Integrity)
- **Relationship Building**: The ability to develop and maintain internal and external trust and professional relationships, which includes listening and understanding to build rapport. (Safety First, Cultivate Excellence, Advance Equity and Livability in all Communities - Engagement, Equity, Integrity, Pride)
- **Customer Focus**: Considers, prioritizes, and takes action on the needs of both internal and external customers. (Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Integrity)
- **Interpersonal Effectiveness** : Effectively and appropriately interacts and communicates with others to build positive, constructive, professional relationships. Tailors communication style based on the audience. Provides and is receptive to feedback. (Cultivate Excellence, Strengthen Stewardship and Drive Efficiency, Advance Equity and Livability in all Communities - Engagement, Equity, Integrity, Pride)
- **Analytical Skills**: Approaches problems using a logical, systematic, and sequential approach. Weighs priorities and recognizes underlying issues. (Cultivate Excellence, Enhance and Connect the Multimodal Transportation Network - Integrity, Pride)
- **Thoroughness**: Ensures that work and information is complete and accurate. Ensures that assignment goals, objectives, and completion dates are met. Documents and reports on work progress. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Innovation, Integrity)

TYPICAL DUTIES:

Percentage	Job Description
Essential (E)/Marginal (M) ¹	
25% E	Uses contemporary mapping tools (primarily Civil 3D), geospatial tools, computer applications, and online services to produce right of way maps, property exhibit maps, survey maps, right of way acquisition documents, and other property rights related documents.

ADA Notice

For individuals with sensory disabilities, this document is available in alternate formats. For alternate format information, contact the Forms Management Unit at (916) 445-1233, TTY 711, or write to Records and Forms Management, 1120 N Street, MS-89, Sacramento, CA 95814.

POSITION DUTY STATEMENT

PM-0924 (REV 04/2021)

15%	E	Researches, collects, and analyzes real property records, analyzes and utilizes land surveys and geospatial data to develop and publish opinions regarding real property boundaries.
15%	E	Communicates with other staff members of Office of Land Surveys, Data Management staff members, engineers, right of way agents through phone calls, emails, on-line meetings, and face to face meetings.
10%	E	Organizes and maintains records of project notes, correspondence, emails, field notes, and record data.
10%	E	Performs special assignments and provides land and right of way information to engineers, right of way agents, and others for use in statistical lists, tabulations, budget reports, project reports, plans, policies and procedures, etc.
10%	E	Perform reviews and quality checks of Right of Way Engineering related products and services. Monitor and review the work of the others for conformity to Caltrans' procedures and standards.
5%	E	Takes mandated trainings and other trainings on personal development and the use of contemporary mapping and geospatial tools, equipment, applications, and procedures.
5%	E	Briefs the first-line supervisor on the status and progress of ongoing projects.
5%	M	General office duties.

¹ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.

MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

This position does not supervise other employees but may act as a lead worker.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Knowledge of:

- Fundamental plane surveying principles, methods, equipment, materials and safety.
- Mapping and drafting techniques.
- Plane surveying computations, including computer applications and usage, adjustments and state plane coordinate systems.
- Departmental plans, standards, policies and procedures for Design, Right of Way and Construction relative to Surveys.
- Elements in highway construction plans pertaining to construction staking for Surveys.
- Methods to produce graphical terrain representations.
- Coordinate geometry, digital terrain modeling, import and export of files.
- Civil 3D and/or Microstation drafting software.
- Caltrans topographic feature codes.
- Computer file management.
- Basic principles of trigonometry and geometry.

Ability to:

Create computer plots with Civil 3D software; comprehend and analyze highway construction plans; interpret legal descriptions of real property; apply and utilize the principles of the California Coordinate System; interpret the Departmental policies and procedures and understand their application to the Right of Way Engineering function; provide appropriate advice regarding such policies and procedures to District Surveys and Right of way Engineering personnel; prepare clear and comprehensive reports and technical correspondence; review the work of others for compliance with legal requirements, policies and specification; work effectively with others as a member of an interdisciplinary team; and work independently on the development and monitoring of all phases of Surveying and Right of Way Engineering.

Analytical Requirements:

The tasks performed are detailed and varied, and require the incumbent to be innovative to carry out the Surveying and Right of Way Engineering needs for the Department. Since requests vary greatly, the incumbent has the responsibility to determine what procedure will be used to accomplish the assignment.

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Errors in determination of property lines or right of way lines can result in defective acquisition documents. This may lead in turn

POSITION DUTY STATEMENT

PM-0924 (REV 04/2021)

to defects in the State's title, exposing the State to various liability claims. Inaccurate property line determination may cause the State to be discredited with title companies and local agency surveyors and engineers. Mistakes in condemnation documents can cause mistrials and greatly increase cost to the State. Mistakes in setting the right of way can also result in delays during construction with resulting payment of claims.

PUBLIC AND INTERNAL CONTACTS

Most contacts will be internal conferring with designers about right of way location detail; and with agents about appraisal maps and documents requested. May occasionally assist engineers and surveyors from other agencies and members of the public in connection with State right of way. Incumbent must possess a professional attitude and good phone manners.

PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

Field physical requirements include: Performing strenuous physical activities such as: hiking for long distances; carrying equipment up to 40 pounds and pushing loads up to 80 pounds; stooping; bending; lifting; hammering with a sledgehammer; driving, sitting, walking or standing for long periods of time; as well as other various physical tasks on an all-day basis, including: Using cutting tools to clear brush, which can be dense and can include poison oak; lifting and swinging a sledge hammer weighing up to 20 pounds to place stakes, monuments, hubs and tack and to break apart material; lifting and transporting equipment and/or materiel weighing up to 60 pounds; extensive walking, often over steep and uneven terrain while transporting stakes, supplies, and equipment.

Office physical requirements include: Using a keyboard, mouse or digitizer and video display while sitting in a climate-controlled office environment, most likely at workstations in cubicles, under artificial light for long periods of time; moving large, cumbersome or heavy boxes, plans and maps from one location to another.

Mental and Emotional requirements include: Being courteous and professional to all Caltrans staff, members of other agencies, and members of the public; demonstrating a sense of responsibility and commitment to public service; conducting yourself fairly and ethically toward others; respecting cultural diversity and other individual differences in the workforce; developing and maintaining cooperative working relationships with supervisors, co-workers, staff from other agencies, contractors and others including frustrated, angry or emotional individuals; communicating effectively; dealing well with pressure while maintaining focus, intensity, optimism and persistence; multi-tasking; adapting to changes in work deliverable priorities and schedules, including short or accelerated schedules. Incumbent may be required to spend extended periods away from home while working at remote locations.

Must work independently, effectively, and efficiently to coordinate multiple assignments and tasks. Must possess the ability to work effectively under pressure, maintaining focus and intensity while leading staff optimistically and persistently. Must collect, process, analyze, compile and report data accurately. Must reason logically, identify/recognize problems and develop solutions, and make recommendations for improvement and simplification. The work of the incumbent is detailed, complex, and variable and requires independent action and decision-making.

WORK ENVIRONMENT

Incumbent is required to travel to work locations; stay at remote accommodations for multi-day assignments; work overtime or at night, as required. Permission for the incumbent to use leave may be reasonably restricted or withheld. Incumbent may be required to rotate or transfer to other positions, work assignments and/or work locations within the District 4 Office of Land Surveys, according to business needs as determined by management. The rotational/transfer position shall have duties consistent with this classification. Except for the Junior Engineering Technician classification (3008), this position may be eligible for Telework. This position may be eligible for telework. The amount of telework is at the discretion of the Department and based on Caltrans's current telework policy. While Caltrans supports telework, in-person attendance may be required based on operational needs. Employees are expected to be able to report to their worksite with minimal notification if an urgent need arises. The selected candidate may be required to conduct business travel on behalf of the Department or commute to the headquartered location. Business travel reimbursements considers an employee's designated Headquarters Location, primary residence, and may be subject to CalHR regulations or applicable bargaining unit contract provisions. All commute expenses to the headquartered location will be the responsibility of the selected candidate. If Telework is approved, the selected candidate may be required to travel to the headquartered location. Employees are expected to be able to report to their headquartered location with minimal notification if an urgent need arises. Your normal working hours will be set sometime between 6:00 a.m. and 6:15 p.m.

Field work environment includes: Incumbent is required to maintain a valid driver's license within California. Must drive a vehicle to conduct normal work activities in all kinds of settings and conditions, including heavy freeway or highway traffic and in off-road areas; will work at locations which may expose the Incumbent to adverse conditions including, but not limited to: Rough, steep

and/or overgrown terrain; great heights; allergen-producing vegetation including poison oak; insect and reptile bites and/or stings; loud noises; dust; and chemicals; very noisy conditions; extreme weather conditions including hot, cold, wet, dusty and dirty environments. Will walk and work on uneven paved or unpaved areas and along steep slopes. Incumbent must also be tolerant of working within very close range of high-speed traffic and heavy equipment. Use of heavy-duty work clothes and safety boots while performing a variety of mental and heavy physical labor tasks. Incumbent may be exposed to adverse conditions which may include, but are not limited to, extreme weather ranging from extreme heat to sub-freezing temperatures, as well as adverse traffic and terrain conditions.

Office work environment includes: While at their base of operations, the incumbent will work in a climate-controlled office. However, due to periodic problems with the heating and air-conditioning, the building temperature may fluctuate. Using a keyboard, mouse or digitizer and video display while sitting, most likely at workstations in cubicles, under artificial light for long periods of time. May be required to move large, cumbersome, or heavy boxes, plans and maps from one location to another.

I have read, understand and can perform the duties listed above. (If you believe you may require reasonable accommodation, please discuss this with your hiring supervisor. If you are unsure whether you require reasonable accommodation, inform the hiring supervisor who will discuss your concerns with the Reasonable Accommodation Coordinator.)
