

POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

CLASSIFICATION TITLE Transportation Engineer (Civil)	OFFICE/BRANCH/SECTION District 10/Division of Maintenance/Maintenance Design - SB1	
WORKING TITLE Transportation Engineer (Designer)	POSITION NUMBER 910-600-3135-101	REVISION DATE 05/30/2022

As a valued member of the Caltrans leadership team, you make it possible for the Department to provide a safe and reliable transportation network that serves all people and respects the environment.

GENERAL STATEMENT:

Under the direction of the Design Branch Chief (a Senior Transportation Engineer), the incumbent will provide support and assist the Senior Transportation Engineer with activities required to deliver Major Maintenance and Capital projects. The incumbent is responsible for preparing plans, specifications, and estimates (PS&E) for a variety of Highway Maintenance (HM), SB1, and Capital Minor B funded projects. Other duties may include the preparation of Project Initiation Documents (PIDs) for various HM and SB1 State Highway Operation and Protection Program (SHOPP) rehabilitation projects. Incumbent may also be loaned to construction as an inspector on HM projects. This position requires working independently and as a team member to complete assignments.

CORE COMPETENCIES:

As a Transportation Engineer (Civil), the incumbent is expected to become proficient in the following competencies as described below in order to successfully perform the essential functions of the job, while adhering to and promoting the Department's Mission, Vision, Values, Strategic Imperatives and Goals. Effective development of the identified Core Competencies fosters the advancement of the following Leadership Competencies: Change Commitment, Risk Appetite, Self-Development/Growth, Conflict Management, Relationship Building, Organizational Awareness, Communication, Strategic Perspective, and Results Driven.

- **Creativity and Innovation:** Thinks beyond the confines of traditional models to recognize opportunities, seek creative solutions and take intelligent risks. (Cultivate Excellence - Engagement, Integrity, Pride)
- **Decision Making:** Makes critical and timely decisions. Takes charge. Supports appropriate risk. Makes challenging and appropriate decisions. (Strengthen Stewardship and Drive Efficiency - Integrity)
- **Ethics and Integrity:** Demonstrated concern to be perceived as responsible, reliable, and trustworthy. Respects the confidentiality of information or concern shared by others. Honest and forthright. Conforms to accepted standards of conduct. (Cultivate Excellence - Integrity)
- **Problem-solving and Decision-making :** Identifies problems and uses logical analysis to find information, understand causes, and evaluate and select or recommend best possible courses of action. (Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Innovation)
- **Teamwork and Collaboration:** Sets team structure. Organizes, leads, and facilitates team activities. Promotes team cooperation and encourages participation. Capable of cross functionality and working well with others on a team to achieve personal goals, team goals, and organizational goals. Takes responsibility for individual actions in order to achieve consistent results. (Strengthen Stewardship and Drive Efficiency - Engagement, Innovation)
- **Organizational Awareness:** Contributes to the organization by understanding and aligning actions with the organization's strategic plan, including the mission, vision, goals, core functions, and values. (Safety First, Advance Equity and Livability in all Communities - Equity)
- **Communication:** Expresses oneself clearly in all forms of communication. Gives feedback and is receptive to feedback received. Knows that listening is essential. Keeps others in the Division and other functional units informed as appropriate. (Cultivate Excellence - Engagement, Equity)
- **Analytical Skills:** Approaches problems using a logical, systematic, and sequential approach. Weighs priorities and recognizes underlying issues. (Strengthen Stewardship and Drive Efficiency - Engagement, Integrity)
- **Thoroughness:** Ensures that work and information is complete and accurate. Ensures that assignment goals, objectives, and completion dates are met. Documents and reports on work progress. (Cultivate Excellence - Integrity)

TYPICAL DUTIES:

Percentage	Job Description
Essential (E)/Marginal (M) ¹	
35% E	Prepare plans, specifications and estimates (PS&E) for Major Maintenance and Capital projects. Develop title sheets, typical sections, layouts, profiles, drainage details, construction details, utilities, traffic striping, stage construction, detours, and summary of quantities.

POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

30%	E	Prepare construction contract standards that include the Standard Specifications, Standard Plans, Standard Special Provisions (SSPs). Utilize Contract Cost data, Standard Item Codes, and Basic Engineering Estimating System (BEES) to prepare Engineer's Estimate. Prepare technical documentation such as memorandums, transmittal letters, and design exceptions. Provides updates on project status as requested.
20%	E	Coordinates with functional units that provide support needed to achieve project delivery. Makes requests to Environmental and Right of Way Units that provide the Environmental Documents and Right of Way Certifications. Requests Traffic Management Plan (TMP) and Lane Closure Charts from Traffic Management Unit. Requests drainage recommendations from Hydraulics Unit. Requests engineering and technical support from other units as needed.
10%	E	Prepares PID for programming into the SHOPP. Develop alternatives, purpose and need, estimates, and make recommendations for various rehabilitation transportation projects by using engineering knowledge and skills, and applying the appropriate design standard, guidelines, and manuals. Research as-built(s), project history files, encroachments permits, and conduct field reviews to obtain information needed to complete assignments.
5%	M	Facilitates project development team (PDT) meetings and provides recommendations to solve issues. Captures meeting minutes, documents engineering decisions, and maintains project files.

¹ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.

MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

Normally this position does not supervise, however the incumbent may be placed in charge or called upon to act as a lead person in the absence of the supervisor. Incumbent may also be called upon to assist with training of newly assigned personnel and student trainees. May also serve as lead worker on assignments involving more than one person.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Possess a valid class C California Driver's License. California Registered Professional Engineer in Civil Engineering for Range D is preferred.

Knowledge of:

- Engineering Principles
- Mathematics and Geometry
- Design Principles
- Computer software including; E-mail, Word, Excel, PowerPoint, File Maker Pro, Microstation
- Project Development Procedures Manual
- Highway Design Manual

Ability to:

- Make engineering calculations
- Maintain a tracking database of active projects
- Express ideas, situations, plans and decisions clearly, both verbally and in writing
- Prepare plans, specifications and estimates (PS&E)
- Prepare PIDs
- Organize documents, ideas, and data when compiling information for management or functional staff
- Be open-minded to all possible solutions to problems
- Handle multiple priorities with minimal direction and prioritize work load to ensure milestones and deadlines are satisfactorily met
- Document information as it relates to specific projects, meeting minutes, phone conversations, e-mail, etc. Must communicate professionally with internal/external partners

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR
