<p>IT Domains used:</p> <p><input checked="" type="checkbox"/> Business Technology Management <input checked="" type="checkbox"/> Information Technology Project Management</p> <p><input type="checkbox"/> Client Services <input type="checkbox"/> Software Engineering</p> <p><input type="checkbox"/> Information Security Engineering <input type="checkbox"/> System Engineering</p> <p>Summary Statement (Briefly describe the position's organizational setting and major functions):</p> <p>Under general direction from the Acquisition and Contracting Services Division (ACSD) Agency Procurement Services Chief, Information Technology Manager I (ITM I), the Information Technology Specialist II (ITS II) works independently as a technical subject matter expert and specialist providing consultation to CalHHS departments for complex IT acquisitions and contract management. The ITS II advises on and leads procurement related activities, working directly with the Agency Procurement Officer, executive management and project teams. The incumbent must possess expert knowledge in state IT acquisition methods (LPA, formal, informal, non-competitive, etc.) and contract management.</p>	
Percentage of Duties	Essential Functions
35%	As a technical subject matter expert for the most complex IT acquisitions provide consultation and advice to the Agency Procurement Officer, CalHHS departments, executive management, IT and project teams on the completion of the acquisition lifecycle. Advise, facilitate, or lead procurement activities including development of specifications, review of technical requirements, and creation of evaluation criteria, ensuring compliance with the State Contracting Manual, Volume 2, State Administrative Manual, and the Statewide Information Management Manual. Provide IT procurement expertise to CalHHS projects during Stage 2 (Alternatives Analysis) and Stage 3 (Solution Development) of the IT Project Approval Lifecycle (PAL) by performing market research and providing recommendations on technology solution requirements, procurement strategy, and statement of work requirements. Lead or participate as a SME on Agency procurement related projects and initiatives targeted for identifying and implementing enterprise-

35%	<p>wide improvements to CalHHS procurements. Participate in the CalHHS procurement subcommittee and make statewide policy and process improvements recommendations to the Agency Procurement Officer.</p> <p>Provide consultation and advice to CalHHS contract managers on contract management best practices, processes, and procedures. Assess contract management practices, make recommendations for changes or improvements, and oversee the implementation of accepted recommendations. Review, analyze, and make recommendations on contract management issues. Assist project teams in the development of contract management plans and processes. Review and provide critical feedback on work order authorizations, deliverable acceptance criteria, and other contract related documentation. Facilitate and document lessons learned to make recommendations to the Agency Procurement Officer to improve procurements, statements of work, technical requirements, and staff resourcing requirements.</p>
15%	<p>Provide leadership and clarification on IT procurement and contract management policies and procedures to CalHHS department project teams and executive management. Keep apprised of any changes to competitive IT procurement laws and regulations and recommend implementation of those changes in policies and procedures. Recommend changes to existing SLA/SLO requirements, GSPD 401IT – IT General Provisions, IT Special Provisions, and department specific Security and Privacy provisions to ensure they comply with industry best practices, state and federal law, and DGS/CDT policy.</p>
10%	<p>Participate in Agency level meetings and workshops for procurement and contract management related topics. Collaborate with the Agency Procurement Officer on CalHHS department engagements and report on procurement status. Keep the Agency Procurement Officer apprised of current trends observed when working with project teams.</p>
