

POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

CLASSIFICATION TITLE CT Lndscp Maintenance Leadwkr	OFFICE/BRANCH/SECTION D2 / Maintenance & Operations / Field Maintenance	
WORKING TITLE CT Landscape Mtce Leadworker - Redding Landscape	POSITION NUMBER 902-696-6296	REVISION DATE

As a valued member of the Caltrans leadership team, you make it possible for the Department to provide a safe and reliable transportation network that serves all people and respects the environment.

GENERAL STATEMENT:

Working under the supervision of a Caltrans Maintenance Supervisor, the incumbent assists in planning, performing, and directing the work of the assigned unit on a daily, weekly, and monthly basis. Operates equipment identified as Category 1 and Category 2 used by the assigned unit, and works individually or with a crew performing tasks related to highway maintenance work. Required to work overtime due to storms, emergencies, or special work projects, as determined by the Supervisor or Department. Must possess a valid Class B driver's license w/Tank endorsement; a Class A license is desirable. A valid Qualified Applicator Certificate (QAC) is required. This position is represented under collective bargaining.

CORE COMPETENCIES:

As a CT Lndscp Maintenance Leadwkr, the incumbent is expected to become proficient in the following competencies as described below in order to successfully perform the essential functions of the job, while adhering to and promoting the Department's Mission, Vision, Values, Strategic Imperatives and Goals. Effective development of the identified Core Competencies fosters the advancement of the following Leadership Competencies: Change Commitment, Risk Appetite, Self-Development/Growth, Conflict Management, Relationship Building, Organizational Awareness, Communication, Strategic Perspective, and Results Driven.

- **Creativity and Innovation:** Thinks beyond the confines of traditional models to recognize opportunities, seek creative solutions and take intelligent risks. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Equity, Innovation)
- **Dealing with Ambiguity (Risk):** Can comfortably handle risk and uncertainty, as well as make decisions to act without having the total picture. (Safety First, Strengthen Stewardship and Drive Efficiency - Innovation, Integrity, Pride)
- **Ethics and Integrity:** Demonstrated concern to be perceived as responsible, reliable, and trustworthy. Respects the confidentiality of information or concern shared by others. Honest and forthright. Conforms to accepted standards of conduct. (Safety First, Cultivate Excellence - Engagement, Equity, Integrity, Pride)
- **Problem-solving and Decision-making :** Identifies problems and uses logical analysis to find information, understand causes, and evaluate and select or recommend best possible courses of action. (Safety First, Cultivate Excellence, Lead Climate Action - Engagement, Innovation)
- **Relationship Building:** The ability to develop and maintain internal and external trust and professional relationships, which includes listening and understanding to build rapport. (Safety First, Cultivate Excellence - Engagement, Equity, Integrity)
- **Customer Focus:** Considers, prioritizes, and takes action on the needs of both internal and external customers. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Equity, Pride)
- **Communication:** Expresses oneself clearly in all forms of communication. Gives feedback and is receptive to feedback received. Knows that listening is essential. Keeps others in the Division and other functional units informed as appropriate. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Equity, Pride)
- **Forward Thinking:** Anticipates the implications and consequences of situations and takes appropriate actions to be prepared for possible contingencies. Anticipates and prepares for future developments. (Safety First, Lead Climate Action - Innovation, Integrity)
- **Thoroughness:** Ensures that work and information is complete and accurate. Ensures that assignment goals, objectives, and completion dates are met. Documents and reports on work progress. (Safety First, Cultivate Excellence, Strengthen Stewardship and Drive Efficiency - Engagement, Integrity, Pride)

POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

50%	E	Leads and accomplishes the work tasks normally performed by the unit engaged in a wide variety of landscape maintenance work, such as pruning, removing brush, roadside mowing, applying fertilizer and chemicals, planting, removing litter, repairing irrigation systems, wells, pumps, tanks, pipes, fixtures, plumbing and buildings. Directs and works with Special Programs workers. Operates Category 1 and Category 2 equipment (end-dump trucks, trucks with snow plows and sanders, front-end loaders, motor graders, snow blowers, and other related vehicles) used to perform tasks related to highway maintenance work. During winter operations, leads the crew in snow removal and ice control activities. Required to work overtime, nights and weekends due to storms, emergencies, or special work projects, as determined by the Supervisor or Department.
20%	E	Assists the Supervisor with the following tasks: schedules work of the crew, assures that all equipment is serviced and maintained properly, prepares monthly and yearly workload plans, recognizes deficiencies and hazards within the right-of-way. Determines (or assists the Supervisor in determining) equipment, personnel, and type and amount of material(s) needed for maintenance functions.
15%	E	Provides on the job training in a wide variety of maintenance functions; observes the crew to be sure that work habits follow the Code of Safe Practices and Chapters 7 & 8; provides for the safety of the crew and the traveling public; conducts safety meetings. Attends and participates in required training and safety meetings that may require travel.
10%	E	Prepares and keeps written records and reports such as accident reports, daily time, production reports, equipment records, safety meeting logs and Job Hazard Analysis forms, crew report forms, pre- and post-operative equipment checks, fuel purchases/usage, and material usage reports. Makes inspection tours and checks equipment logs to ensure that all State and rental equipment are being used and maintained properly and safely.
5%	M	Cares for equipment by performing routine service and minor repairs and adjustments, performs emergency repairs, cleans equipment and documents all pertinent records.

¹ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.

MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

This is a non-supervisory position. Will act as Leadworker, providing guidance to crew, on a daily basis. Fills in for Supervisor in the absence of the Caltrans Maintenance Supervisor.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Must have a thorough knowledge of materials, methods, equipment, and tools used in highway maintenance and construction; the operation of a maintenance area and the maintenance of equipment and tools used in landscape and highway maintenance and snow removal; the operating characteristics of the Maintenance Management System, Maintenance Manual Volumes I and II, Safety Manual, Code of Safe Practices, and Guide to Employee Conduct and Discipline. Incumbent must also have knowledge of provisions of the California Vehicle Code as it pertains to the loading and operation of motor vehicles; and rules and regulations pertaining to highway maintenance practices.

A working knowledge of the MOMS/IMMS/MMA Caltrans software program is desirable.

Incumbent must have knowledge of rules and regulations pertaining to applying chemicals and the ability to operate all maintenance and chemical application equipment. Possession of a valid Qualified Applicator Certificate is required.

Must possess a valid Class B driver's license w/Tank endorsement; a Class A license is desirable.

Ability to lead and direct the work of subordinate members of the assigned unit and to work safely around high-density traffic. Must be able to analyze various work situations accurately and make sound decisions, and have the ability to work effectively alone or with others.

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Error may endanger co-workers and/or the public. Error may also cause a waste of time and waste of tax dollars through extra

POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

expense in the maintenance of highways, or damage to state equipment and facilities. Failure to make timely and proper decisions could endanger human lives and property, and increase the occurrence of lawsuits.

PUBLIC AND INTERNAL CONTACTS

Required to maintain good relations with members of the public and employees from the same and other departments within Caltrans, as well as other agencies. May have contact with other public agencies and private individuals daily in the course of assignment. Contact may be with hostile public, and employee is expected to maintain a favorable public image for the state.

PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

Employee must be able to follow supervisor's instructions; refrain from insubordination; work cooperatively and get along with supervisors, peers and subordinates; avoid violent behavior; understand and follow Caltrans policies; and avoid disruptive or harassing behavior.

Much of this position is labor intensive. Incumbent must have physical ability to react quickly to errant motorist(s) and perform strenuous hand and mechanical labor. The duties may also require prolonged stooping, bending, lifting, sitting, climbing or standing.

Note: For standing, walking and sitting, along with several other activities, typical duties are used as examples in various situations to give ranges for the activities. Generally, activities can be broken down into operating equipment 60% of the time on a year-round basis. The remainder of the activity is labor.

Standing, Sitting and Walking are described to equal 100% of the work time for a given period such as a work shift. The following are various situations and percentages given to illustrate typical ranges of time spent sitting, standing and walking:

- A. Rainy day where worker is digging out clogged ditches and drains: Standing and walking using hand tools - 40% each; Sitting and driving - 50%
- B. Snowy day: Sitting and operating large trucks, loaders, motor graders and snow blowers - 90%; walking and standing and checking out equipment - 10%
- C. Crack sealing: Standing and walking - 95% of the day
- D. Chip sealing: Standing, operating truck, loader, spreader - 80% to 90% of day
- E. Paving: Operating trucks, motor graders, loaders, pavers - 45% of day. Standing and walking, raking and shoveling - 45% of day.
- F. Litter pickup/patrol: Lifting, walking and climbing in/out of vehicle - 95% of day
- G. Flagging/Pilot Car/Lane Closure Operations: Standing, twisting and turning, and sitting - 95% of the day

Lifting (Floor to bench to Floor) - Items listed may be any of the following but not limited to: Drop inlet lids which may weigh up to 100lbs, vactor related attachments and tools which may weigh up to 80lbs, tire chains for vehicles, which may weigh as much as 75 lbs. per chain. In the winter months these could be handled on an everyday basis; a post driver which weighs approximately 60 lbs.; assist with the loading and unloading of a tire in a rim which can weigh over 75 lbs.

Another example of lifting is shoveling asphalt. Each shovel full lifted weighs approximately 15 lbs., and 1,000 to 1,500 lbs. of sand or asphalt per day, would normally be lifted. 80% of this lifting would be floor to waist and 20% lifted above the waist. Installing marker post, at least two feet into the ground, requires lifting up and pulling down the 60 lb. driver 10 to 150 strokes per post, worker could install up to 40 markers per day. Another type of lifting is light pickup - loading garbage bags with litter, which requires continuous bending and lifting.

Carrying - Bagged/boxed material, which may weigh 50 to 100 lbs., must be carried from storage areas to vehicles and from vehicles to job sites, which may be on uneven terrain. Tools are carried a few feet to 100 yards and weigh a few ounces to 50 lbs. each. Tools carried include picks, hoes, rakes, hoses, signs, standards, flags, cones, guide posts, etc., and may be carried on uneven terrain.

Overhead reaching - Overhead work includes pulling yourself up into many types of equipment from 0 to 30 times per day, pruning, holding up signs off a ladder, servicing equipment on the lube hoist, signaling other workers, and throwing/loading material in equipment. Other Reaching - Setting cones, lubing and checking equipment, raking, shoveling, driving, using digging bar, shifting, holding signs, picking up cones; often done on a continuous basis, over 60% of the work shift.

Pushing/Pulling - Shoveling, opening garage doors, hooking up trailers; installing plows, sanders, kettles, pulling on hoses,

POSITION DUTY STATEMENT

PM-0924 (REV 01/2022)

working cranks on equipment stands; tightening and loosening nuts on bolts. Installing and removing tires and chains; pulling down on post drivers. Pulling brush and limbs, animal carcasses, and pulling chains.

Twisting - The Operator twists while driving equipment and does so on a continuous basis, especially while backing up or turning around. Other twisting is done while dragging brush, shoveling, raking and setting down and picking up traffic cones which weigh 10 lbs.

Climbing/Balancing - Climbing is done in and out of equipment, up and down banks and slopes, using ladders, stairways, (often with a load of material or supplies); onto steps and walkways to do engine checks on equipment. One example would be to climb on a heavy equipment trailer to secure the load with chain binders.

Bending/Crouching/Squatting/Crawling - The Operator often bends continuously throughout the day while operating equipment and performing physical labor. All of these activities are necessary when picking up and laying down tools and material. The Operator also crawls around and underneath equipment while checking and servicing equipment, and/or putting on or removing snow chains and tightening or replacing grader blades.

Simple Grasping - This activity is necessary about 95% of the shift; climbing in/out and around equipment, operating equipment, using hand tools and handling materials.

Fine Manipulation - This occurs less than 2% of a day and usually while writing reports or manipulating the knobs and levers on the equipment. A higher percentage of the time would be using a saw or similar equipment.

Importance of hearing and seeing - both are essential on the job because the operator must hear directions, equipment, and errant motorists, and must see in order to perform his/her duty safely.

Hearing should be adequate to hear warning devices used for worker safety, as in look out alarm devices, including vehicle horns used to warn employees of imminent danger at the work site. Corrected hearing is acceptable. Hearing protection must be worn at all times around the vactor and other loud machines and equipment. There may be hearing testing on an annual basis.

Sight needs to be corrected to the State of California Department of Motor Vehicles standards for safe vehicle driving. Night vision must be at least adequate for safety when working after dark.

WORK ENVIRONMENT

Required to work in a wide range of sometimes extreme conditions, including heat up to 120 degrees, cold to -15 degrees, strong winds, rain, sleet, and snow. During the winter months the workweek is normally 5/8-hour days. During the summer months the workweeks may be changed to 4/10-hour days. The scheduling of the 5/8 days or the 4/10 days is at the discretion of the District Management. Will be required to work overtime, nights and weekends due to storms, emergencies, special work projects, or when the Supervisor deems that it is in the best interest of the State.

Personal safety requirements include:

- A. Work boots, in good and sturdy condition, must be worn to provide foot and ankle support protection.
- B. Either long or short sleeved shirts provided by Caltrans, or a safety vest is to be worn over non-safety shirts or coats.
- C. Long pants. No shorts or cutoffs.
- D. Provided safety gear; hard hat, safety glasses; hearing protection devices, face shields, gloves, respirator, chaps, and/or other safety gear must be worn when required by the Department.

This is a designated travel crew and works out of town on a per diem basis up to 80% of the year.

POSITION DUTY STATEMENT
