Total number of positions in Section/Branch/Office for which this position is responsible: N/A

FOR LEADPERSONS OR TEAM LEADERS ONLY:

Indicate the number of positions by classification that this position LEADS: N/A

MISSION OF SECTION: The Equipment Registration Section (ERS) is responsible for implementing and enforcing CARB's Portable Equipment Registration Program (PERP), PERP Regulation, and Airborne Toxic Control Measure for Diesel Particulate Matter from Portable Engines Rated at 50 Horsepower and Greater (Portable Diesel Engine ATCM). Implementation of PERP involves the evaluation of PERP registration applications, which includes but is not limited to fee and eligibility determinations; calculating engine and equipment unit emissions; determining and calculating process limitations as necessary to meet regulatory emission limits; determining all applicable requirements and operational conditions for portable engine and equipment unit registrations; development and transmittal of registration materials to the regulated community; and extensive interaction with the public, new applicants, existing registrants, and local air district engineering and enforcement personnel.

Implementation and enforcement of the Portable Diesel Engine ATCM includes the development of tools for use by the regulated community to calculate diesel engine fleet emissions on a continuing basis; development of tools to calculate trends in diesel emission reductions and compliance of portable diesel engine fleets with upcoming Portable Diesel Engine ATCM standards; development of tools to assist industry with the evaluation of future fleet compliance options; development of tools to determine completeness and accuracy of submitted compliance reports; development of database resources to log and track submitted Portable Diesel Engine ATCM fleet compliance reports; performing research of U.S. Environmental Protection Agency, CARB, and diesel engine manufacturer resources to obtain emission data related to portable diesel engine fleet compliance; and assisting the public, regulated community, and local air district staff with Portable Diesel Engine ATCM questions and fleet calculations.

ERS assists the Citations and Registration Enforcement Branch (CREB) with other projects and programs related to developing, implementing, and enforcing air pollution rules and regulations to reduce emissions of criteria and toxic air pollutants from a wide variety of sources. In addition to the responsibility of ERS to assist with field evaluation and investigation of portable engines and equipment units for which the owner/operators have submitted application(s) for registration, this field element also includes providing direct assistance to other projects and programs in CREB as well as the local air districts regarding implementation of their unpermitted source programs. The responsibilities of ERS will adapt over time as current programs mature and new programs are implemented.

CONCEPT OF POSITION: Under the direction of the Section Managers, Air Resources Supervisor (ARS I) of ERS and the Portable Equipment Operations Section (PEOS) ARS I, the Office Technician (Typing) will provide clerical and program specific administrative duties. These duties include performing program and fee related system entry, generating and preparing the emailing and mailing of billing and renewal invoices, preparing and issuing temporary registrations approved by Air Pollution Specialists (APS) and/or Air Resource Engineers (ARE), assisting with accounting-related activities with CARB's Accounting Services Division (ASD), assisting the Program Associate

DUTY STATEMENT

Governmental Program Analyst (AGPA) staff to annually reconcile the collection of local air district inspection fee revenue and submit the totals to ASD for local air district payments, assist Program AGPA staff with coordinating, preparing, amending, and submitting appropriate documentation to procure program specific materials and services, and assisting with company account information entry. The specific duties of the position are listed below.

<u>% OF TIME</u>	<u>RESPONSIBILITIES OF POSITION</u>
