DUTY STATEMENT
CEC-004 (Revised 4/2024)

Classification(s): Program and Project Supervisor, PUC

Working Title: Supervisor of the Renewable Generation Unit

Position Number: 535-320-3504-001

Division/Branch: Energy Research and Development/Energy Supply

Collective Bargaining Identifier (CBID): S09

Work Week Group (WWG): E

Date Approved: [HR Only]

Conflict of Interest (COI): Yes No

If yes, this position is responsible for making or participating in the making of governmental decisions that may potentially have a material effect on personal financial interests. The appointee is required to complete Form 700 within 30 days of appointment, which identifies pertinent personal financial information.

Job Description

Under the general direction of the Branch Manager for the Energy Supply Branch, the Supervisor serves as the highest-level resource specialist and performs very difficult technical work relating to public utilities along with a variety of supervisory, program evaluation, planning, policy analysis, and formulation activities, including technical review and feedback to staff on written work products. The Supervisor leads, supervises, and directs a multi-disciplinary team working on a variety of technical and analytical tasks related to renewable generation topics including solar, wind (onshore and offshore), and geothermal energy and works to provide a positive working environment for that team. The Supervisor also confers with and assists the Branch Manager, Executive Leadership, and Commissioner leadership on Division policies and objectives and coordinates the work of the section with other sections of the Division on a broad spectrum of subject areas within the unit's portfolio. In addition, the Supervisor represents and supports the Division and California Energy Commission (CEC) in meetings, briefings, conferences, and workshops; engages other agencies, the Legislature, companies, research organizations, communities, and other contributors; participates in investigations and hearings and testifies as an expert witness in proceedings before the California Public Utilities Commission and courts; and prepares correspondence and reports.

Essential Duties

20% **Directing Unit Activities:** Direct and supervise the work activities of a professional public agency staff on a wide range of technical and utility issues related to renewable generation topics including solar, wind (onshore and offshore), and geothermal energy. Communicate with staff through routine meetings.

- 20% **Managing Team:** Lead a high-performing, highly motivated team of technical, scientific, engineering, and utility specialists, building team capabilities through successful hiring and skill development and fostering a team culture of collaboration, creativity, respect, and excellence. Provide staff training, individual performance assessment, and feedback and coaching to assist staff in meeting and exceeding performance standards; perform direct personnel management activities, including periodic performance evaluations and, as necessary, personnel disciplinary actions to support high performance, morale, and equity across the unit and Division; foster individual and team motivation; assist staff in career development; and complete personnel actions to recruit and promote staff.
- 15% **Technical Advising:** Drawing on technical expertise, advise and support Division management and CEC leadership on a broad spectrum of subject areas within the unit's portfolio. Additionally, serve as a member of the Division's team of supervisors and managers, contributing to the establishment and implementation of Division programs, administrative policies, budget and resource plans, long-term direction, and strategic plans and procedures.
- 10% **Planning and Budgeting:** Lead the strategic planning for the unit, including long-term objectives, workplans, contributor engagement, and evaluation of workplan implementation, including achievement of objectives, milestones, and goals. Manage the development and implementation of unit budgets.
- 10% **Presenting:** Deliver presentations, present testimony, and represent the Division and CEC at public meetings of the CEC, other government agencies, industry organizations, and other forums such as meetings and conferences with stakeholders, policymakers, and the general public.
- 10% **Delivering Products:** Support unit in developing and delivering timely, high-quality work products - including written products, presentations, and briefings - and other deliverables, with appropriate input from relevant experts and contributors, consistent with Division and CEC objectives. Ensure a high degree of quality control (rigorous analytical foundation and writing technique) over all deliverables.
- 10% **Collaborating and Coordinating:** Develop and foster partnerships with relevant local, state, and federal agencies; tribal governments; contributor groups; and the public to ensure broad engagement in unit activities and products.

Marginal Duties

- 5% Perform other duties as required consistent with the specifications of this classification.

Working Conditions

The CEC supports a hybrid workplace model with office-based and remote-centered workers. Limited in-person attendance and occasional travel may be required based on the needs of the division. Regular and consistent attendance is essential to successful performance. This position is remote-centered, which means the incumbent works 50 percent or more of their time from an alternate work location.
