INTRODUCTION TO THE LEAP PROGRAM

The Limited Examination and Appointment Program (LEAP) is an alternative examination and appointment process designed to facilitate the recruitment and hiring of persons with disabilities into the State of California civil service. The LEAP examination process is a two-part process that consists of: (1) a Minimum Qualifications Assessment (Readiness Evaluation) **and** (2) a Job Examination Period that is administered and evaluated in the work setting.

To qualify to take this LEAP Minimum Qualifications Assessment (Readiness Evaluation), you **must** first have LEAP certification issued by the Department of Rehabilitation (DOR). For information regarding obtaining LEAP certification from the DOR, visit the [Department of Rehabilitation website](#) and use the search term LEAP Certification. There you will find a link to Find an Office. Alternatively, to find a DOR office near your home, call (916) 5585300, TTY (916) 558-5302.

The legal authority for the Limited Examination and Appointment Program is Government Code Sections 19240-19244.

POSITION DESCRIPTION

Information Technology Specialist 2

Under general direction, incumbents demonstrate a depth of leadership and expertise in one or more domains. Incumbents perform a wide variety of tasks requiring innovative problemsolving where guidance is not readily available. Incumbents optimize and apply architecture solutions for the benefit of the overall organization and play a major role in advising management or formulating information technology strategy and policy within the organization. Incumbents typically work in the Software Engineering, Information Security Engineering, Information Technology Project Management, or System Engineering domains.

Incumbents may: develop and ensure security solutions and technical artifacts are in place throughout all information technology systems and platforms; monitor and assess security controls, conduct security impact analyses, and report system security statuses; perform risk assessments and recommend information technology solutions; analyze incident-related data and determine the appropriate response; design new technologies, architectures, and solutions that will support security requirements; develop implementation plans including costbenefit or return on investment analyses; design infrastructure configuration and change management standards or requirements; develop or update project plans for information technology projects; lead and mentor project teams; manage integration of information systems and/or subsystems; manage project(s) to ensure adherence to budget, schedule, and scope; review software architecture and make recommendations regarding technical and operational feasibility; plan, design, and implement the enterprise data models using standardized modeling tools to align technology solutions with business strategies; perform configuration management and release management for system components; verify stability, interoperability, portability, security, or scalability of system architecture; create backup and recovery strategies; conduct disaster and recovery analysis, planning, implementation, and administration for systems; and monitor and conduct audits of system capacity, performance, and traffic analysis.

MINIMUM QUALIFICATIONS ASSESSMENT (READINESS EVALUATION) SCOPE

This assessment consists of the following test component:

Minimum Qualifications Assessment (Readiness Evaluation) – Pass or Fail

To obtain a position on the **Information Technology Specialist 2** referral list, a pass result must be received. Applicants will receive their result upon completion of this Minimum Qualification Assessment.

REFERRAL LIST INFORMATION

A servicewide, open referral list for the **Information Technology Specialist 2** classification will be established for the State of California (all State of California departments, statewide).

The names of persons who successfully pass this Minimum Qualifications Assessment (Readiness Evaluation) will be merged onto a LEAP Referral List for the **Information Technology Specialist 2** classification. Candidates who pass the Minimum Qualifications Assessment (Readiness Evaluation) will remain on the list for 24 months. All State departments may use the **Information Technology Specialist 2** Referral List to select candidates for vacant positions.

LEAP Referral List eligibility expires 24 months after it is established. Competitors must then retake the **Information Technology Specialist 2** Minimum Qualifications Assessment to reestablish list eligibility

LEAP EXAMINATION PROCESS INFORMATION

PART 1: MINIMUM QUALIFICATIONS ASSESSMENT (READINESS EVALUATION) – Weighted 100%

This LEAP Minimum Qualifications Assessment (Readiness Evaluation) consists solely of minimum qualification questions that assess the training, experience and education that you have previously obtained. Your responses to the questions will determine if the training, experience, and education you have, meet the minimum qualifications for the Information Technology Specialist 2 classification. If your Minimum Qualifications Assessment (Readiness Assessment) result is “pass”, your name will be placed on the Information Technology Specialist 2 Referral List and you will have referral list eligibility to apply for Information Technology Specialist 2 vacancies.

Applicants who obtain Information Technology Specialist 2 LEAP Referral List eligibility must compete for state of California job vacancies in order to begin PART 2 of this process, which is called the JOB EXAMINATION PERIOD (JEP).

PART 2: JOB EXAMINATION PERIOD (JEP)

The JEP begins after you are hired and obtain an examination appointment. When you perform the duties of your state job, you will be evaluated on your job performance every four weeks or more often. Your evaluation will be based on the classification specification and the duty statement of the position.

The JEP will be the same length as the length of the probationary period for the same nonLEAP classification.

After successful completion of both the Minimum Qualifications Assessment and the JEP, the result will be a transition from an examination appointment to a standard appointment as an Information Technology Specialist 2. If appointed through the LEAP examination process, you will not be required to serve a

probationary period.
